

# **Woods Walk - Safety Rules**

- Ear & Eye protection are required for all shooters and spectators.
- Guns must be unloaded, and kept holstered or bagged, until you're called to the firing line by the Squad Leader and have been given the command to handle your gun.
- Keep muzzle pointed downrange at all times when on the firing line.
- Shooter will load and fire one shot at a time, on command. Wait until a Hit or Miss is declared before continuing.
- Start from low ready position, finger off trigger.
- Everyone quiet please while shooter is shooting.
- After 5 shots are completed, unload, show clear, hammer down, and holster or bag unloaded gun.
- It is ok to load magazines or speedloaders for next stage, but no gun handling behind the firing line.
